STUDENT GOVERNMENT ASSOCIATION
President Pro Tempore Bousbar

Good day,

This packet contains all of the information about the Hygiene Product Project at The Florida State University which was done by the 69th Student Senate. This has been a successful and continuous project. This all began with a project for the food pantry as well as with a petition that was made for free tampons on campus. The 69th Student Senate decided on amending the bill so that the bins would be put in all-gender restrooms so that all students would have the access to the Hygiene Products. We are very proud of the Hygiene Product Project and are so happy for your interest in doing this at your own University.

If you ever need anything please do not hesitate to contact myself, Sabrina Bousbar, or my co-partner Steven Spear!

- I was a sponsor for the previous bill, so after it passed I took it a step further. At the time the Health and Wellness Center just installed bins with tampons and pads for students. So I formed a group of Senators that would be interested in furthering the Hygiene Products to our libraries, Student Life Center, and the Union.
 - Once we met we figured out what our first step was so we decided to research more on hygiene products and meet with the Director of the Health and Wellness Center

Our Meeting Notes

- Keep track with the food pantry and the amount that is used
- CHAW (the Health and Wellness) director see how many tampons that have been restocked in HWC and how many times / the amount they have used and put
- Possibly first floor of the buildings
 - Strozier (what we will work on first)
 - Dirac (after strozier is set in stone and done)
 - SLC
 - Union
 - Places to do it after instilled in those above:
 - Then HCB
 - WJB
 - Bellamy
 - Leach (possibly)
 - College of Medicine
 - Psychology building
- Contacted people
- We will begin this project starting the week of the 20th of February!

Contacts:

The Director of CHAW is Dr. Amy Magnuson, AMagnuson@admin.fsu.edu. She has been responsible for acquiring the tampons and pads.

The Food Pantry contact I have is Sarah Walters, swalters@fsu.edu. She will be maintaining data on how fast these tampons and pads go

Questions:

THE FLORIDA STATE UNIVERSITY
STUDENT GOVERNMENT ASSOCIATION
President Pro Tempore Bousbar

Hello Amie,

That is great to hear. We purchased the dispensers from the Total Access Group. These work well for tampons. They do not work well for the square boxes of mini-pads that we distribute. To address this problem, we leave the top of the pad dispenser open. I would suggest doing some research into the packaging of the pads or the size of the mouth of the dispenser.

We use the small dispensers. They cost \$119. You have to create an account to see the prices.

I hope this helps,

To Runk:
Good Evening,

THE FLORIDA STATE UNIVERSITY
STUDENT GOVERNMENT ASSOCIATION
President Pro Tempore Bousbar

I hope this email finds you well, so this is all the information we have that the dispensers the HWC uses for condoms costs \$119 and here is the link:

http://www.totalaccessgroup.com/condom_dispensers.html (you do have to create an account for it to see the prices and order them). Now I know you still have to hear back from the board, but do you know when we might possibly be able to know? We ask that y'all buy two dispensers which would be a total of \$238, then we will purchase 500 tampons and 500 pads, when you need more in the future you would contact one of the current senators that was involved in this but in the future we would hand it down to other senators to keep doing up with it all. Thank you so much for your time!

To: Robyn Brock/Mark Striffler (Union)

Good Evening,

I hope this email finds you well, I apologize for not being able to meet with you last week but due to class conflicts my partner, Senator Spear, was able to attend. We thank you so much for your time and your support on this entire project. So with the semester coming to an end we want to be able to get this bill passed as soon as possible. So all the information we have for this project is that the dispensers at the HWC uses for condoms cost \$119. The HWC uses the condom dispensers for the pads and tampons, and since those are more cost friendly we will be using the same website to purchase the dispensers, here is the link: http://www.totalaccessgroup.com/condom_dispensers.html (you do have to create an account for it to see the prices and order them; attached is also the email we received from HWC if you would like to get in contact with them as well for the dispensers). We ask that y'all buy two dispensers which would be a total of about \$238, and we will purchase 500 tampons and 500 pads, when you need more in the future you would contact one of the current senators that was involved in this (myself or Spear) but in the future we would hand it down to other senators to keep this project consistent throughout the years. Thank you so much for your time!
